Samen waren we één.
Maar nu jij er niet meer bent

Lock up your daughters, wife, mother, mother-in-law and family dog.....

I heard Matress was at Impulse on the 1900. Good luck to him - he's a hard working, dedicated guy.

Matt is definitely at The Pulse, having NO end of luck with the flight attendants.

Well, at least one of them!

Little bit of respect guys.

He is getting married to that flight attendant soon, Lovely girl. If you want to chase him down, call our crewing on 1 800 425 760 and they might be able to put you through.

Will try to chase an email address for you all.

Cheers

Sorry, no disrespect intended towards Matt. I was actually on his groundschool in Sydney last year but was unaware of the impending nuptials. Good news all 'round - I'll call him tomorrow!

When Tilly Fikkers wriggles into her favourite little police costume, she means business.

The Mt Keira three-year-old is an arresting sight, adding cuteness to the long arm of the law.

And while a career in the force may be a few years off, Tilly's visit to the state-of-the-art \$17 million Lake Illawarra headquarters did nothing to curb her enthusiasm.

"I think she thinks she is going to work," Tilly's mum Rachel said yesterday.

"She likes dressing up, but recently, because she's visited the police station quite a few times now, she thinks it's her normal uniform."

Tilly caught the eye of authorities when she was out on the town in her full kit recently.

The next thing she knew, she was getting a guided tour through the Oak Flats police station - home to 250 officers - by none other than Wayne Starling, Lake Illawarra's top cop.

"Her costume was sent from her aunty in England. I don't know what we'll do when she grows out of it. I'll have to get another one sent," Tilly's mum said. She encouraged all parents to take up the chance to visit the 18-month-old complex when it opens its doors to the public from 10am to 3pm tomorrow.

"A lot of people wouldn't think to bring their kids," she said. "It should be a good family day out with the chance to see things you normally wouldn't get to see."

Superintendent Starling said the open day offered residents a rare insight into the workings of the Pioneer Dr facility.

PETER FIKKERS'S 70th - a salute by Margaret Mudie-Fikkers

In a few minutes of your time
I could read you a little rhyme;
It's about our young brother Pete
You know, the one with two big feet.
But, he also has a very big heart,
So, at the beginning I should start.
A boy born in '48, Groningen the place,
Was Tuesday's child ... so he's full of grace.
Oh, stuff this rhyming and regular timing,
Let's talk some sense and without pretence.

The youngest of eight children, Peter first came to notoriety at the age of 2 on the liner Chitral, when he dropped a shoe overboard into the sea. Clearly it was OK to do this as our Mum had said "yes" in response to his query "Ja, moeder, ja?"

Pete was accident-prone from a young age, or maybe he was just an attention-seeker.

Not content with drinking kerosene, piercing his throat with a stick when he came off his trike, and breaking his collarbone on another occasion, he lay down in front of a bus and had his legs run over!

I ask you, what kind of kid would do that? The trembling bus driver picked him up, collected our Mum and drove them, as well as the passengers, to Bulli hospital.

Another version says that they went to a doctor at Woonona for treatment, so take your pick!

In any case, Pete seems to have survived various mishaps without any real detrimental effects (praise the Lord for that).

I understand that Johanna took on a mothering role for Pete when he was little, bathing him at night, playing games and preparing him for bed.

He was a real charmer and learned at an early age that treating people with courtesy and respect pays dividends.

He obviously also had an entrepreneurial streak --- the story is that he ran a bike-repair outfit from the back of our residence at Bulli, with other kids working for him.

He was about 10 years old.

During our teenage years we kids had the job of doing the dinner dishes.

When I say "we" I mean Jack, John, Frank, Peter and me.

Pete's part in this obliged him to take the pots and pans to our store-room at the back, to remove soot from the underside and food scrapings from the inside.

Apparently he used to take leave of absence on occasion and "go bush" for a while, then would have to wash the saucepans himself.

It was strange too how often the call of nature obliged him to spend extended periods of time in the outhouse after dinner!

Jack tells me he took Pete on a camping trip to Jindabyne in the NSW high country, where the overnight temperature dropped to zero.

Apparently this didn't faze our young brother as he lay on the ground.

Maybe it was a case of "no sense, no feeling" (teenaged boys don't have a lot of sense, do they?)

My own recollections include Pete delivering eggs for sale on his bicycle and spending time with big brother Bill mixing concrete. Bill was forever working on new buildings or renovations, and a young pair of hands was very welcome.

At age 16 or so he hitch-hiked from Bulli to Adelaide --- OMG! Maybe after 8 children our parents thought “Oh, whatever”. There were no mobile phones, no guarantees of safety, only trust in other people’s kindness, and reliance on his own charm and wits.

I’ve been told that he explored Kirribilli and Luna Park as a youngster whilst staying with Nella and John, soon after their marriage. Also he stayed with them for a time when he started working for Keith Harold at a take-away food shop. His first job at Woolworths was valuable as a learning experience, and as time progressed he opened his own business, the Chicken Spot, in Wollongong, at the age of 23. Opening day was 13/5/1971, a fortnight before his marriage to his sweetheart, Laraine. Nice wedding present, Pete --- a chicken shop and the opportunity to make trifles and salads for catered events! His working life over the next 40 years or so focussed on the preparation and delivery of food; this included a catering business, and often entailed the help of his wife and children... I believe that these days Laraine likes to keep him out of the kitchen, saying he only knows how to cook for a crowd, not for two people.

Pete and Laraine have four children, Tracey, Jenny, Greg and Anthony and now have 8 grand-children. Over the years they have been involved in church and community life, and continue to offer practical and emotional support to family members, both immediate and extended.

Peter has been described as generous, caring, funny and a great organiser and doer. He likes a drink, a flutter on the horses and dogs, and enjoys travelling. I know that he lives by the philosophy of “pay it forward”, which is a concept of giving to someone else, without expecting any return, and making a positive difference. Our parents would be proud of you, Pete.

Could I now ask you to join me in drinking a toast to Pete and wishing him a happy birthday.

Matt Fikkers (from Facebook Sun Dec 18, 2022)

I went to Sydney Olympic park Aquatic Centre on Friday evening to watch my daughters swim in their finals. To my horror I saw my wife Rachel seated with another man. She didn't see me as I watched them all over each other as a very established couple. I approached Rachel & introduced myself to this man. His name is Paul. He couldn't look at me in the eye when I asked how long they had been a couple. I haven't seen the kids for two months & Rachel has blocked access & communication with them. She also told my children to conceal her relationship with Paul. Her infidelity is heartbreaking.

JONES, Charles Robert (Bob) in The AIF 1942

Charles Robert (Bob) JONES - about 1943

Charles Robert (Bob) Jones - Armidale 1950

1925-0210 Birth of Charles Robert Jones. Aka Bob Jones.

I married his daughter Anne. His brother Peter wrote a book about the Jones - Dunkin families in the armed forces.

Ref: D:\Master Data\bu-04 families\Jones Family\DVD for Paul Jones\Resources\jones - dunkin families in the armed forces.pdf.

This is what Peter wrote about Bob –

“Robert Jones Private No.NX143725. Trooper 2/7 Commando squadron. My brother Bob was born on the 10th Feb. 1924 (actually 1925 .. he put his age up to allow him to enlist) at Inverell NSW and was the eldest child. The family moved around various towns before going to Kyogle where I was born. Our father abandoned us in that town and mother returned to Armidale to stay with our grandmother. She had no other alternative as no government benefits were available to single mothers. It was necessary for her to obtain work in order to support us. It was in Armidale that Bob joined the CMF in April 1942 and later enlisted in the AIF on 20th Feb 1943 where he stayed until discharge in Jan. 1946. Bob had just turned 18 yrs. (17yrs) when he joined the CMF and was 19 (18) when he wanted to transfer to the AIF. He required Mum's permission but initially Mum was not keen on that. However after much badgering she reluctantly agreed to let him enlist as his best mate, (Bluey Cavanagh) had also enlisted. They both served in the same Commando troop and remained together until Bluey was severely injured by a biscuit tin dropped by a supply plane & hit him on the head. Bluey was never the same again although he recovered from his horrific injuries. It would turn you off biscuits for life. Bob's Service & Casualty form records he was "taken on strength" in Sydney & sent to Bathurst for initial training on May 3rd 1942. Following two weeks training he went to Tamworth on June 4th and promoted to Lance Corporal. Whilst there he spent a week in hospital but no reason is recorded. His next move was a transfer to the 9/10 Independent Company in Victoria in July 1942 where he was to be assessed for commando training. He was accepted and went to Canungra in Qld in December 1942 to be trained in jungle warfare. Sometime in July at either Tamworth or in Victoria he was charged with being AWOL in Sept and received a fine of 15 shillings (\$1.50) & confined to barracks for 14 days. Prior to that charge he was also charged in July 1942 with "failed to appear at place of Parade". For this he was fined 10 shillings (\$1) and confined to barracks for 7 days. He incurred further charges during his service and I will list these further on. After spending three months in jungle training he was transferred from Commando Training Battalion to the 2/5 Independent Squadron in Mar. 1943. From this point the service record becomes a little confusing as it records under date of June 2nd 1943 that he was charged with "neglecting to obey a routine order" and fined 2 pounds(\$4). The next entry under date of Mar. 25th shows he embarked from Townsville Queensland on the ship "Duntroon" on that date arriving in Port Moresby on the same day. As Bob was in New Guinea in June it is most likely the charge was committed whilst when training at Canungra but not entered on his record until after he had left Australia for N.G. Bob transferred to the 2/7 Commando's on 7th July 1943. In the publication "Jungle Warfare" published for the Australian Military Forces by the Australian War Memorial in 1944, there is a chapter on the Battle for New Guinea which details the battles fought in the jungle by our soldiers. The 2/7 is mentioned as being sent to establish a forward observation post to watch for any movements of Japs on a track often used by the enemy. A very dangerous mission and one of many assigned to the commandos who in the main were young men. Tropical diseases took a heavy toll on our troops. It is reported that malaria, dengue fever, typhus etc. caused more casualties than combat injuries. Bob contracted malaria & was evacuated to a Field Ambulance station on Nov 3rd 1943. After treatment at a field hospital he was returned to Australia on Nov. 27th on the vessel "Katoomba" and arrived at Cairns two days later. Bob was very ill with malaria & spent a considerable time in hospital until being discharged in Apr.1944. He returned to his unit but was again stricken with another severe bout of malaria and was hospitalized on June 15th. Because of this illness he was transferred from his commando squadron to an "X" unit. He remained in hospital for two days and returned to his old squadron. Malaria flared again & Bob was sent to his home town of Armidale on the 25th August where he was admitted to the local hospital. These recurring bouts of malaria resulted in him being medically re-classified and downgraded to Bl. He could not remain in the commandos and was transferred to a Supply & Works company where he remained until his discharge. During the rest of his service he incurred a further four charges for AWOL with fines ranging from one pound (\$2) to three pounds (\$6) and loss of proficiency pay which was later restored. According to his service record, Bob married wife, Lexie, on Apr.21st 1945. At wars end he applied for discharge on compassionate grounds and left the AIF on 26th Jan.1946 having served 1361 days on active service. On return to civilian life Bob & Lexie returned to live in Armidale with our family. He joined the railway and eventually became a train driver which he stayed at until he retired from the NSW railways. Bob and Lexie had four children - Gay, Anne, Paul & Stephen and spent their retirement years at Austinmer near Wollongong where Bob had been transferred to work in the railways. Bob passed away on the 1st February 1987 just 9 days before his 63rd birthday from cancer of the lung. Lexie passed away a few years later.”

Frances Enda (not Edna) Leary was born on the 12th of July 1930, in Wagga, to Elizabeth and Martin Leary. Fran was their fifth child. Her siblings included Carrie and Eileen (step-sisters), Kevin, Edna, Pat, Betty, Ronald and Mick. Her home was "Hill Farm", an old weatherboard house on 560 acres in Coolamon. Fran (known as Francie in Coolamon) was a hard-working country farm girl. She grew in a home with little material belongings, in fact, no sink or electricity! As Fran wrote "... We had loads of love - loads of laughter and much security in this home, which we all loved. The Rosary was a 'must' every night, even though a neighbour would manage to ring in the middle of it".

Fran went to school by horse and sulky and we loved to hear about the adventures of horses tripping in holes and spilling kids off. The nuns taught Fran how to play the piano. Fran's father died when she was 19 and her youngest brother, Mick, was 14. Fran loved and cherished her parents immensely. Her mother was her role model.

H. PARSONS
FAMILY OWNED FOR 130 YEARS
WOLLONGONG 4228 9622

Fran's first job was as a seamstress in her cousin's dress shop. Her sewing skills were to be an asset in every part of her life, from school uniforms to wedding dresses. (After her radiotherapy she was bored and decided to make new pyjamas for any grandchild that brought the material around!).

Fran met Reginald James Woods while he was visiting in Coolamon. Fran and Reg married on 24 April 1954, and began their life at Coolamon. They had their first child Mary-Anne. Later they moved to Reg's home town of Woonona. Fran worked at the drycleaners doing alterations. They bought land at Helen Brae Avenue, Fairy Meadow, and built their home. "Have Faith", was what Fran always said, especially when they were told she would not be able to have any more children. Then, seven years after Mary-Anne, they were finally blessed with seven more children: Colleen, Mark, Vincent, Kevin, Regina, David and Lisa (though not all at once!).

Helen Brae Avenue not only saw more children in our family, but in the street also. Fran and Reg's neighbours were to become extended family, and Friday was scones for morning tea. Some of Fran's oldest and dearest neighbours are now known as the fairies in the garden, for they tend to the garden and always leave food in the freezer, often without being seen.

Fran worked as hard as her mother raising her children "... from sun up to sun down to do all that was needed to get us through school and to maturity." Fran supported Reg with their bus-company and later truck business. The nature of bus and truck work meant Reg was away a lot driving. Fran often told us how caring our father was to get grandma (Fran's mother), down for a holiday that lasted five years. Grandma then went to a nursing home for her last two years. She lived to be 86.

Fran and Reg believed in a good Catholic education. They worked tirelessly, sacrificing a lot to ensure their children were provided with just that. They actively supported St. John Vianney's, Edmund Rice College and St. Mary's College. Fran worked at St. Mary's supervising classes for a few years while Regina and Lisa were there. As all parents do, they made friends with other parents from their kids' schools. Friendships which have lasted a life-time and have included many a sing-along around Fran's piano. "*Visitors, music and yarns seemed all that was needed to have a good time.*"

Fran has always been an active member of her Parish. One of her talents was floral art, and she loved arranging flowers for the altar and especially the CWL Mothers' Day stall. Fran was recently awarded the Mary McKillop Medal for 25 years service as a Catechist. She loved teaching 3rd and 4th class at Pleasant Heights School. Fran was a member of the Catholic Women's League, Legion of Mary and worked at the Catholic Missions Supplies shop every Friday afternoon. She has enjoyed lasting friendships and social events with the wonderful people from these groups.

"Places aren't important – people are!" was Fran's motto. She was a great listener and her door was always open. She was a great talker too, and often one would come home to talk to talk to their mother, but would have to get in line! Fran always made people welcome, living simply and sharing all she had. Fran often performed miracles at Sunday lunch, making a baked dinner stretch for however many people arrived!. There was a baked dinner every Sunday of the year, followed by freshly baked goodies.

Nothing made Fran happier than to be surrounded by her family and celebrating with them, especially birthdays and Christmas. Her greatest blessings though, were her grandchildren: Rebecca, Gregory, Dominic, Alyce, Keiran, Morgan, Chelsea, Alexandra, Liam, Mackenzie, Caitlin, Madeleine, Georgina, Harper, Alyssa, Emily and Grace. (She liked to boast that she finally had more grandchildren than uncle Mick). To top it off, Harvey Pike gave her the official title of GREAT Grandmother! How great thou art! (Mind you, it took a lot of praying, then she prayed too and got twins!).

Fran has devoted her time, first and foremost, to her husband Reg, her children, Johnny, her nephew, and her grandchildren who gave her so much joy. Family has been her greatest achievement. Reg and Fran have been married for 51 years, celebrating their Golden Anniversary last April. Everyone of her children feel blessed to have been given such a role model in life and the chance to have quality time with her.

Fran was writing about her mother for a CWL project, but I can't think of any better words to describe Fran,....."*I could write heaps more but she wouldn't want any details so I can treasure my memories of a wonderful, gentle, Christian mother who gave us all we ever could need to live our lives well and join her in blessed eternity*".

.....From the booklet her children prepared for her funeral.

(perhaps spelt Trosel or Trousel or Droeschel) moved from Germany to the Netherlands at an age of about 50 (AD.. 1780),

and settled in Huizum near Leeuwarden.
